GANS WAS MUCH THE BETTER MAN

Sullivan Helpless and on the Floor in the Tenth When the Police Interfered.

DARKY'S PERFECT FIGHT

WORE BOSTON BOY DOWN WITH LEFT BODY PUNCH.

Los Angeles, Cal., March 17.—Joe Gans of Baltimore, decisively defeated Mike (Twin) Sullivan of Boston, tonight, in ten rounds. While Sullivan was not counted out he was on the floor and practically helpless when the police instructed the referee to end the fight. Gans made a perfect fight, wearing down Sullivan with a straight left body punch that never failed to land and which had Sullivan's ribs in a red glow from waist to shoulder all through the fight. Sullivan apparently had a show to win in the third round when he landed a hard right swing on Gans' jaw, staggering him and forcing him to stall for the remainder of the round. There was absolutely no fighting, the men agreeing to break clean and to avoid fighting in the clinches. If anything this gave Sullivan an advantage, but barring the one blow in the third round he failed to land effectively on Gans.

The fight was held at Chutes baseball park, the ring being pitched directly in front of the grandstand which served as "bleacher seats for the crowd. The seats immediately around the ring were scantily occupied. It was one of the coldest nights of the winter and probably 1,500 spectators shivered in their seats from 8 until 10 o'clock before the fighters appeared. The delay was caused it is said, by Sullivan's unwillingness to fight before such a small house. Before the fight began Referee King announced that because Sullivan was six pounds overweight both contestants had agreed that all bets should be declared off and that if both were on their feet at the end of twenty rounds the fight should be called a draw.

SEASON AT ASCOT CLOSES

St. Patrick's Day Handicap Is Won by Orilene—Ethylene Breaks Leg.

Los Angeles, March 17.—The ninety-day race meet at Ascot came to a close today. The principal event was the St. Patrick's day handicap. Local Team Finds Easy Picking With Ogden Bunch.

By a score of 41 to 18 the Y. M. C. A. basketball team took the Weber State Academy of Ogden into camp last evening. This is the first game the Christians have played with the state league team since the season opened and the result was watched with interest, as it would give a line on the local team compared with the league teams.

The Y. M. C. A. aggregation outplayed the Ogden boys at every stage of the game, the final outcome being in doubt after the first few minutes of play. The line-up:

Y. M. C. A. W. S. A.
Straton.....F.....McCabe
Hirschvogel.....R.....Brown
Hoffman.....C.....Doxey
McConnell.....L.....Belnap
Danks.....G.....Watson
Referee, Bussett. Umpire, Milne.

STATE TRACK MEET ARRANGED

Representatives of Different Colleges Have Meeting to Complete Details.

DISCUS THROWING ADDED

BASEBALL LEAGUE DISCUSSED AND ACTION DEFERRED.

The representatives of the University of Utah, the Agricultural college, the Brigham Young university of Provo, the Brigham Young college of Logan and the Latter-day Saints university met yesterday and arranged all the final details relative to the state track meet to be held this year. The date decided upon was May 26. The university insisted that May 26 be the date, but as several of the colleges entered had that date taken, the university withdrew in favor of a later date. Again the other schools desire to make the state meet the final one of the season for them, and they are unwilling that the meet be held on any date in April. It was also arranged that a dual meet be held between the University of Utah and the Brigham Young university on April 28, and one between the university and the Latter-day Saints university May 5.

The question of events was discussed at length, and it was decided to have the same number of events that was held last year, except that the discus throw will be added. The rules that have governed the state meets in the past will hold this year. In addition, it is provided that each school submit a list of the men who will take part to John Jensen, who was chosen as temporary secretary of the league. A complete list of the men from all the schools entered will be furnished to the athletic council of each institution so that any protest that may arise can be settled before the date of the meet.

Will Form Track League.

Representatives of the several schools will meet again May 12 at the Kenyon hotel and settle the important matter. It was decided also that immediately after the state meet there be a meeting of the schools will be called and a permanent track league made and officers elected. Physical instructor R. D. Burton of the Y. M. C. A. appeared before the representatives and asked that the local Y. M. C. A. be allowed to enter a team in the state meet. It was decided to refer the matter to the vote of the athletic councils of the various schools already entered. The objection urged was that the entry of any but a college team would tend to destroy the amateur standing of the meet.

Baseball Is Discussed.

Another matter that was discussed was that of organizing a state baseball league, to include all the colleges of the state. Manager Frank Jones of the university baseball team urged for the forming of the league. He was supported by Coach Joseph Maddock, also of the university. The representatives of the Provo and Logan schools stated that they were not in a position to say what their schools would do in the matter at present, so it was decided to postpone the matter for the present. After the meeting it was decided to arrange, if possible, a league to include the following schools: University, Y. M. C. A., D. S. university and the Beaver State academy.

The representatives who met were as follows: Coach Campbell of the A. C. college of Logan; J. H. Kemp of the B. Y. college; Coach Ross Milne of the L. D. S. university; Manager T. P. Carroll of the B. Y. university; and Coach Joseph Maddock and Manager John Jensen of the university.

JOHN DUBEL HAS HIS SAY

Tells Ogden, Park City and Eureka He Will Name His Own Team.

Appropos of the discussion now going on in the state league baseball circles over the naming of the Salt Lake baseball team, John Dubel, backer of the local team, has the following to say: "I note by this morning's issue of your paper that the Ogden ball club refuses to go into the league with our team, together with Park City and Eureka, unless they are allowed to dictate to us what we are to call our club. Now this seems to be a very unsportsmanlike stand for these people to take, and I want to state, once and for all, that I shall say just what my team shall be called, and if Ogden, Eureka and Park City chose to stand out and disrupt what undoubtedly would be a strong state league by such childish action, it is up to them.

"I want to say, however, that I hold the lease on Walker's field, and if it becomes necessary for us to do so, we will play ball here independently of the clubs mentioned. Also, I have put up all the money to start baseball in Salt Lake this season and it seems preposterous for anyone to assume to say what my team shall be called or how it shall be managed. We will be there with the team when the time comes and hold up our end of the game."

Mr. Dubel says he has signed the following players: James Smith, Oiler, Jensen, Margetts, Gunn, Hall, Hahn, Romney, Seare, Stayner, Swaberg.

ROY CASTLETON GOES TO YOUNGSTOWN.

Roy Castleton, the well known Salt Lake southpaw, has decided to tie up with the Youngstown team in the Ohio Pennsylvania league the coming season and has signed a contract with that club. Castleton has had a dozen offers to go with eastern teams this season, but believes the offer from the Ohio people is the best one for him. Castleton is clearly a Salt Lake product, having played in and around this city all his life. He is yet young and wise old baseball players like "Dad" Gimlin predict a great future for him.

Castleton first attracted attention with the Cleavelands in this city. His first game in minor league company was a game he pitched for Salt Lake against Butte in the Pacific National league, which he won. Last year Gimlin signed him for the Ogden team in the P. N. L. and he played with that team until the league disbanded, when he went to St. Anthony and finished the season with the Idaho town. Castleton is a young man of exemplary habits and has been employed during the winter months with the Utah Light & Railway company as a collector.

BILLIARD GAMES NEARING FINISH

Edward Gardner Stands Fair Chance to Take Championship East This Year.

'FRISCO MAN THIRD PLACE

CLASS OF BILLIARDS BETTER THAN IT WAS LAST YEAR.

Chicago, March 17.—With only two regularly scheduled games yet to be played in the national amateur billiard championship tournament being played at the Chicago Athletic association, it is asserted that the title, which has been held for the past year by Charles F. Conklin of Chicago, will go to an easterner. Edward W. Gardner of Passaic, N. J., the only one of the six contestants who has not lost a game, has J. E. Poggenburg of New York as an opponent for the final game, and should the latter win this match he and Gardner will be tied for first place. Poggenburg lost his first game of the tournament tonight to Calvin Demarest, a 15-year-old Chicago boy, who defeated the former champion by a score of 300 to 151. Demarest and Harry Wright of San Francisco, who are having their first big tournament experience, are tied for third place, but there is an excellent chance of their capturing most of the other prizes. They will fight it out in an extra game for third and fourth place prizes, but between them they seem now to be assured of the high run and high grand average prizes. Wright's phenomenal run of 127 yesterday probably will not be passed. Demarest leads in the grand average by over two points. Wright is tied with Poggenburg, the black single average and an extra game will have to be played to decide this.

Better Class of Billiards.

The class of billiards displayed in the present tournament is several degrees better than that of last year. The grand average is several points above the 1905 point, while the high runs and single average marks are greatly superior to the best of last year's play.

One of the surprising features of the play has been the success of Gardner in winning games. He has the third lowest grand average. He has played winning billiards all the time, showing excellent form against Demarest and Conklin and falling very low against Norris and Wright, both of whom, however, fell still lower. Gardner's opponent as a rule have played their worst games against him, which is partially explained by the fact that he is one of the hardest men in the tournament to play against.

Conklin, last year's champion, has played in four games, but lost them all. He still has another game to play. He and Charles F. Norris of New York are tied for last place. Conklin this afternoon met Wright of San Francisco and was defeated, 300 to 244.

The standing of the players and the grand averages up to the end of tonight's play follows:

	Won.	Lost.	Average
Gardner	2	1	814-106
Poggenburg	2	1	808-107
Demarest	2	2	791-116
Wright	2	2	877-121
Conklin	0	4	896-111
Norris	0	4	675-121

AMATEUR OARSMEN MEET

National Regatta This Year Will Be Rowed at Worcester, Mass.—Reports.

New York, March 17.—John F. Mulcahey and William F. Varley, who represented the Atlanta Boat club of this city in the double sculling race at the Hamburg regatta last July, were barred from further competition under the auspices of the National Association of Amateur Oarsmen at a meeting of the executive committee of that organization held here tonight. The action of Mulcahey and Varley, who cabled home that they had won the race after having been disqualified, was characterized as reprehensible and their whole course was declared to be unsportsmanlike. It was decided that the national regatta this year shall be rowed at Worcester, Mass., the dates being Aug. 10 and 11. A number of other regatta dates were also announced.

The executive committee received the report of its investigating committee yesterday in connection with the charges affecting the amateur standing of the members of the Henley crew and against the Henley ways and means committee of the Vesper Boat club of Philadelphia. The report is a condemnation of the course of the committee in connection with the trip to England and of the several members of the crew who admitted having received various sums of money during their stay in England or upon their return from Henley. Before acting finally in the matter the executive committee will grant a hearing to the oarsmen and members of the committee in Philadelphia, April 7.

Resolutions were adopted urging the Vesper club to demand an immediate and detailed account from its Henley ways and means committee, a copy to be forwarded to the association.

PARSONS OF YALE IN THE OLYMPIC GAMES

New York, March 17.—Another addition to the list of athletes who will make up the American team which will compete in the Olympic games at Athens was made by Yale by the American committee. Word was received from Yale university that the faculty had given Eli B. Parsons permission to go with the team and immediately on receipt of this information the committee took prompt action. Parsons will add a good deal of strength to the American forces in the middle distance events, as he is the half-mile champion and record holder for the distance in the Intercollegiate association.

BEAN IS HOME AGAIN.

Willard Bean arrived in the city from Pocatello yesterday, where he has been for the past two months promoting boxing contests. Bean says the game is good in the Idaho town and that he may journey up that way and try it again some time. At the present he will remain in Salt Lake and says he may be able to do something here before many days have passed. He has had applications from a number of promising amateurs throughout the state who would like to have it out in an amateur tournament and if a place can be secured for such a show, Bean says he will probably arrange one.

Spring Millinery

OPENING!

Cordial invitation is extended you to visit the exhibit of exclusive importations and exquisite domestic patterns. They reveal originality, ingenuity and rare imagination.

- ☞ The new hats are ready. Not headwear alone for one in opulent circumstances, but sweet and dainty conceptions for the lady of refined taste but limited means.
- ☞ All the modes for the spring of 1906 will be displayed—the truest expressions of fashion.
- ☞ The beautiful headwear is ready to unfold its subtle charms and surprise and delight womankind.
- ☞ The hats are beauties—masterpieces—including other clever creations.
- ☞ New York's most fashionable shops will show hats no prettier.
- ☞ When you come you will see how diverse are the different styles.
- ☞ There is every type of headwear you can imagine—the short front brim and the tilted crown with flowers clustered in the back; dreams in picture hats, leghorns, short front sailors, turbans, colonials, mushrooms and other pleasing affairs. The trimmings are of wings, quills and flowers, while maline effects in the back are quite the idea.
- ☞ But a visit is the best way to learn of these becoming styles.
- ☞ The store will be handsomely decorated. The effect will be typical of Easter time—smilax, fern, and a profusion of lilies will grace the store. Over the broad stairway a huge Easter egg is suspended from which lights radiate. While Millinery is paramount in thought, the opening will include the whole store.
